

Kristopher Nelson, 10/30/2020 3:32:03 PM: Responses to previous CPRA requests, including San Diego County Sheriff's Department Procedure § 6.136 (Video Federation and Integration), indicate that the Sheriff's Department possesses some kind of technological system that provides "video federation and integration" capabilities, allowing the members of the Department to view or access multiple dissimilar video feeds in some kind of unified fashion. I am seeking records with contents describing and identifying more specifically what this "federation and integration" system is in terms of who, for example, supplies it to the Department or who supports it for the Department. Lomnicky, Amanda, 11/9/2020 10:07:09 AM: **Subject:** [Records Center] Public Records Request :: S000294-101820

**Body:**

RE: Public Records Request of October 18, 2020, Reference # S000294-101820

Dear Mr. Nelson,

The Sheriff's Department is in response of you California Public Records Act (CPRA) request dated and received October 18, 2020. Specifically, you seek records related to the "video integration and federation system". The Sheriff's Department previously sought clarification about your request. In light of your clarification, the Sheriff's Department interprets this request as seeking "agreements, contracts, memorandums, proposals, requests, or similar documents or agreements" "describing and identifying more specifically what this 'federation and integration' system is in terms of who, for example, supplies it to the Department or who supports it for the Department."

The "video federation and integration" is described in Sheriff's Department Policy and Procedure section 6.136. The Policy and Procedure is available on the Sheriff's Department's public website:

<https://apps.sdsheriff.net/PublicDocs/SB978/Department%20Policy%20and%20Procedure%20Manual/Department%20Policies%20and%20Procedures-October%202020.pdf>.

The Sheriff's Department is providing copies of the purchasing contracts for the Genetec software that was purchased for the Video Federation and Integration System. Responsive records are available in the [Records Request System](#). Please log in to your online account and retrieve the records.

Your request is now closed.

Sincerely,

Amanda Lomnicky, Legal Advisor  
San Diego County Sheriff's Department
