Outstanding. You're my hero. Ordering is probably the most frustrating part. Thanks again for everything.

You are AWESOME! I will order now. The Amazon products you asked me to order just an hour ago... are ordered and I managed to get that last strobe that they were out of yesterday.
Once I order these products... EVERYTHING is ordered. If you need anything else, just holler! :)

Thanks,
Donna

Hi Detective Do,

No problem, it's easy to order.

I do have a problem... all the supplies from Polycase hasn't been ordered yet because they are out of state, don't collect tax (can't use P-Card if they don't charge tax) and they aren't willing to fill out form for Financial Services... so I don't know if we can order from Polycase. Do you have another supplier for the items you needed from Polycase??

Thanks,
Donna

Hi Donna,

Apparently we got another Amazon reject. Could you please order 6 more of these solidremote relays for me? They are sold only on Amazon and they only sell in quantities of 3. So essentially you'd have to make 2 separate purchase. They're \$19.99 each. Here is the [LINK](#). Sorry for adding on more work. Please let me know if you can or can't make this purchase. Thank you for all your help.

Vt,

I have zero left on my p-card. Just want to make sure Donna can purchase the 3 items below for your Pole cam project that I was going to make.

Louise,

I got a reply from this company. They only sell through Amazon. They limit the quantity to 3, but said you can make multiple purchases (makes no sense). They will not change the max quantity amount. When you're free could you make two more purchases of 3 please? You've already ordered one set of three. We need a total of nine. Here is the link: [LINK](#)

Thank you,
