SAFE LEM🍋N GROVE ∘))) Live and work more safely
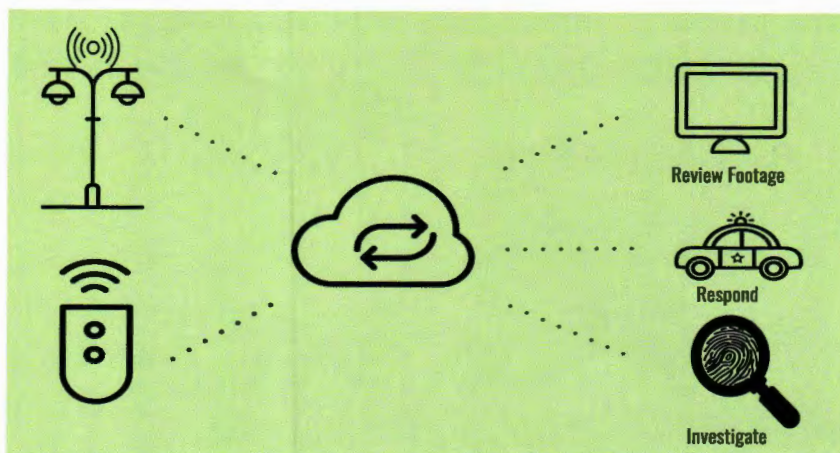

HOW SAFE LEMON GROVE WORKS

The Sheriff's Department currently manages pole-mounted public safety cameras in the City of Lemon Grove. In order to enhance this network of coverage, the **Sheriff's Department partners with the community to increase information sharing.**

Review Footage

Respond

Investigate

Utilize a compatible camera system ⋮ **Monitor your video from anywhere using a cloud-based application** ⋮ **Provide a direct connection to any camera(s) you choose to share, allowing deputies to monitor video during an incident**

WHY PARTICIPATE

Safe Lemon Grove is your opportunity to partner with the San Diego County Sheriff's Department to improve public safety concerns in your neighborhood. By participating in Safe Lemon Grove, you will play a role in public safety and **help make the City of Lemon Grove a safer place to live, work, and visit.**

Increased Security

Security cameras can increase safety and reduce the risk of theft and vandalism to your business or residence. By using security cameras, and sharing pre-authorized content with the Sheriff's Department, you can help deter and keep crime at bay in your neighborhood.

Quicker Response Times

Your partnership can help the Sheriff's Department quickly respond to calls for service, suspicious activity, and administer investigative reports.

Smoother Investigations

By quickly sharing recorded video with the Sheriff's Department, rather than having to wait several hours, or days, to transfer or grant access to video content, you allow for the quick distribution of information to help assist with an investigation.

SAFE LEM🍋N GROVE ∘))) Live and work more safely

Safe Lemon Grove is a collaboration between the community, businesses, the City of Lemon Grove, and the San Diego County Sheriff's Department that allows law enforcement to address community safety matters in real-time.

Built on a foundation of technology that reinforces community policing, our approach allows members of the community to participate and work towards **enhancing the community's quality of life**.

By collaborating with the San Diego County Sheriff's Department, you can **selectively share your video feeds** directly with the Sheriff's Department so deputies can respond more efficiently to calls for service, increase safety, and combat crime in your neighborhoods.
